1. The method of accounting is on accrual basis. The accounts are prepared as stipulated under SEBI Mutual Fund Regulations, 1996 wherein Cash Flow Statement and Segment Reporting are not required, accordingly Accounting Standard - 3 and Accounting Standard - 17 have not been considered as applicable to the scheme.

2. Investments

a) Purchase and sale of securities are accounted on trade dates. Cost of investments includes brokerage, stamps fees, transaction charges (Government securities) and any losses on account of immediate sale of non-convertible portion of debentures under "Khokha" buy-back scheme and excludes custodian fees. The cost is net of front-end fees and incentives. In case of devolvement, the cost is net of underwriting commission earned.

b) Valuation for Performing Investments:

For the purpose of the financial statements, the Fund marks all investments to market and carries investments in the Balance Sheet at the market value. Unrealised gain, if any, arising out of appreciation of the investments, is carried to the Balance Sheet.

- Traded Securities other than Central Government Securities are valued at the closing traded price.
- Non-traded /Thinly traded Debt Non-Government Securities of upto 182 days of maturity are valued on the basis of amortisation (Cost plus accrued interest basis) as prescribed by SEBI. Discount on short term instruments are amortised over the maturity period.
- Non traded / Thinly traded Non-Government Debt Securities of over 182 days to maturity are valued in good faith in accordance with SEBI guidelines. The valuation of non-traded debt securities is on comparative yield to maturity basis; wherein the benchmark yields as provided by an independent agency, duly approved by AMFI is used.
- Interest rate swaps are valued on the basis of expected future cash inflows and outflows and the difference as compared to its cost is considered as unrealised appreciation/ depreciation.
- Traded / Non-traded / Thinly traded Central Government securities are valued based on prices released by an AMFI approved independent agency

c) An investment is regarded as non-performing, if interest/principal amount has not been received or has remained outstanding for one quarter from the day such income/instalment has fallen due.

d) Investments include contracts for purchase of securities and exclude contracts for sale of securities, for which deliveries are not received/collected.

3. Income Recognition

- a) Profit or loss on sale of investments is arrived at by applying weighted average cost on trade date.

For the purpose of equalisation, the cumulative distributable surplus (without considering unrealised appreciation and Unit Premium Reserve) upto the date of purchase / sale of units is taken into account. In case of deficit, no income equalisation is carried out.
