2. Investments

For the purpose of the financial statements, the Fund marks all investments to market and carries investments in the Balance Sheet at the market value. Unrealised gain, if any, on the date of Balance Sheet is transferred to unrealised appreciation in value of investments and is shown as part of unitholder's funds in the Balance Sheet. Latest declared NAV per unit of respective underlying schemes is considered for arriving at market value.

3. Income Recognition

- a) Profit or loss on sale of investments is arrived at by applying weighted average cost on trade date.
- b) Interest on call and other fixed income investments is recognised on accrual basis.
- c) Income on non-performing assets (NPA) is recognised on cash basis.
- d) Other income of miscellaneous nature is accounted for when there is certainty of collection.

4. Income Equalisation Reserve and Unit Premium Reserve

In case of open-ended scheme, when units are purchased / sold by the Scheme at NAV based price, amount representing unrealised appreciation per unit is transferred to Unit Premium Reserve.

The balance amount of the purchase/sale price after reducing the face value of unit is transferred to Income Equalisation account and the net balance in this account is credited or debited to the Revenue Account at the year end.

Distributable surplus per unit is arrived after excluding both unit premium reserve and unrealised appreciation from NAV.

5. Provisions:

Provision is made by charge to the Revenue Account, in respect of:

- a) Interest Outstanding for more than one quarter beyond the due date.
- b) Securities where the certificates are not traceable for a protracted period.
