The scheme offered is "oriented towards protection of capital" and "not with guaranteed returns". The orientation towards protection of the capital originates from the portfolio structure of the scheme and not from any bank guarantee, insurance cover etc. The ability of the portfolio to meet capital protection on maturity to the investors can be impacted in certain circumstances including changes in government policies, interest rate movements in the market, credit defaults by bonds, expenses, reinvestment risk and risk associated with trading volumes, liquidity and settlement systems in equity and debt markets. Accordingly, investors may lose part or all of their investment (including original amount invested) in the Scheme. No guarantee or assurance, express or implied, is given that investors will receive the capital protected value at maturity or any other returns.
