Invest in

ICICI Prudential
India Opportunities Fund

Description of Scheme:

An open ended equity scheme following special situations theme.

ICICI Prudential India Opportunities Fund looks at stock specific opportunities which the market can provide time and again. The scheme has a portfolio to take the full potential of such opportunities with flexibility to the fund managers to enter and exit any market cap or sector based on the special situations available.

Why should you invest in companies going through special situation?

Opportunity during temporary challenge:

Good companies goes through temporary problem due to market environment, this provides opportunity to invest in the company at a reasonable valuation

Fundamentally strong:

Since, the fundamentals remain intact for the company but valuations correct due to temporary challenge, the company may come-back strongly

Key Pointers about the Scheme:

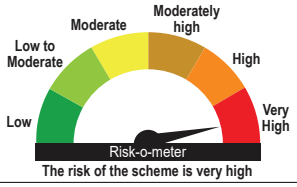

- **Invest in companies going through Temporary crisis:** The scheme can take exposure to companies going through special situation due to 1. Regulatory Specific 2. Industry Specific 3. Company specific 4. Global/Domestic Economy specific challenges.
- **Sector Agnostic:** The scheme can deviate from a sector based on the view
- **Bottom-up approach:** The core strategy is to identify companies going through special situation.
- **Market-cap flexibility:** Special situation can arise across market-cap, hence the scheme is flexible to take exposure across market-cap
- **Right entry & exit Matters:** Exit in the stocks is as important as entry in the stocks. This scheme actively manages the portfolio for timely profit booking in stocks as well.
- **Concentrated Portfolio:** The portfolio ideally remains concentrated on the top special situation bets.
