Benchmark Riskometer

It may be noted that the scheme risk-o-meter specified above is based on the internal assessment of the scheme characteristics and may vary post NFO when the actual investments are made. The same shall be updated on ongoing basis in accordance with paragraph 6.16 of the SEBI Master Circular on Mutual Funds dated March 20, 2026 (Master Circular).

Value of each unit will be approximately equal to 1/100th of the value of the BSE Insurance Closing Index as on the date of allotment for applications received during the New Fund Offer ("NFO") period. Further, on an on-going basis for the applications directly received at the AMC, the transaction would be processed at the intra-day NAV based on the actual execution price of the underlying portfolio. The investors can transact in the units of the Scheme on the stock exchange at the prevailing price.

New Fund Offer opens	New Fund Offer closes
July 20, 2026	July 28, 2026

In accordance with the Master circular, the AMC reserves the right to make any changes in the dates of the New Fund Offer (NFO) subject to the conditions that in case of pre- closure the NFO shall be open for a minimum of 3 working days and the extension, if any, shall not be for more than 15 calendar days or such period as allowed by SEBI. The AMC shall publish an addendum to this effect on the website of the AMC.

The Scheme will re-open for continuous Sale and Repurchase within 5 business days from the date of allotment.

The units of the Scheme are proposed to be listed on BSE Limited and National Stock Exchange of India Limited.

This Key Information Memorandum is dated July 07, 2026.

INVESTMENT OBJECTIVE:

The investment objective of the scheme is to provide returns before expenses that closely correspond to the total return of the underlying index, subject to tracking errors.

However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

ASSET ALLOCATION PATTERN:

Under normal circumstances, the asset allocation of the Scheme would be as follows:

Instruments	Indicative allocation (% of total assets)	
	Minimum	Maximum
Equity and Equity related securities of companies constituting the underlying index (BSE Insurance Index)	95	100
Money market instruments including TREPs*, Units of debt schemes#	0	5

*Or similar instruments as may be permitted by SEBI/RBI from time to time, subject to requisite approvals from SEBI/RBI, as applicable

Excluding subscription money in transit before deployment/payout

The cumulative gross exposure through Equity, Debt and Money Market instruments including TREPs, Units of Debt schemes / ETFs, other permitted securities/assets and such other securities/assets as may be permitted by SEBI, if required, should not exceed 100% of the net assets of the scheme.

Exposure to various instruments will be as per the indicative table given below: (Below percentages shall be subject to applicable SEBI circulars):

Sr. No.	Type of Instrument	Percentage of exposure	Circular references
1.	Equity Derivatives for non-hedging purpose – For rebalancing*	Upto 20% of the equity portfolio	Paragraph 8.5 and 13.15 of the Master Circular
2.	Stock Lending	Upto 20% of net assets and single intermediary (broker) limit upto 5% of net assets	Paragraph 13.6 of the Master Circular
3	Securitized Debt	Nil	Not Applicable
4	Overseas Securities	Nil	Not Applicable
5	Units of InVITS	Nil	Not Applicable
6	Units of REITs	Investment in units of Real Estate Investment Trusts (REITs) shall be undertaken in accordance with paragraph 13.13 of the SEBI Master Circular	Paragraph 13.13 of the Master Circular
7	AT1 and Tier II Bonds	Nil	Not Applicable
8	Structural Obligations and Credit Enhancements	Nil	Not Applicable
9	Units of debt schemes	Upto 5 %	Clause 3 of Sixth Schedule of SEBI (MF) Regulations

*The Scheme may take an exposure to equity derivatives of constituents of the underlying index for short duration when securities of the index are unavailable, insufficient or for rebalancing at the time of change in index or in case of corporate actions, as permitted subject to rebalancing within 7 calendar days (or as specified by SEBI from time to time). The exposure of the scheme in derivative instruments shall be up to 20% (for non-hedging) of the equity portfolio of the Scheme.

The Margin may be placed (for transactions such as placement of TREPs, derivatives, Repo, etc.) in the form of such relevant securities / instruments as may be permitted/eligible to be placed as margin from the assets of the Scheme. The securities / instruments so placed as margin shall be classified under the applicable category of assets for the purposes of asset allocation.

Any transactions undertaken in the portfolio of the Scheme in order to meet the redemption and subscription obligations shall be done while ensuring that post

such transactions replication of the portfolio with the index is maintained at all points of time.

➤ Rebalancing of deviation due to short term defensive consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Such deviations shall normally be for a short term and defensive considerations as per paragraph 1.9.1(b)(ii) of the Master Circular, and the fund manager will rebalance the portfolio within 7 calendar days from the date of deviation.

➤ Rebalancing in case of passive breaches:

Further, as per Paragraph 4.5.5 of the Master Circular, as may be amended from time to time, in the event of deviation from mandated asset allocation due to passive breaches (occurrence of instances not arising out of omission and commission of the AMC), the fund manager shall rebalance the portfolio of the Scheme within 7 Business Days. In case the portfolio of the Scheme is not rebalanced within the period of 7 Business Days, justification in writing, including details of efforts taken to rebalance the portfolio shall be placed before the Investment Committee of the AMC. The Investment Committee, if it so desires, can extend the timeline for rebalancing up to sixty (60) Business Days from the date of completion of mandated rebalancing period.

However, at all times the portfolio will adhere to the overall investment objectives of the Scheme. However, the same will be rectified at the earliest opportunity as may be available, but not later than 7 calendar days, to minimize the tracking error.

In the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 calendar days from the date of allotment/listing. Provided further and subject to the above, any change in the asset allocation affecting the investment profile of the Scheme shall be effected only in accordance with the provisions of Regulation 22 (9) (c) of the SEBI (Mutual Funds) Regulations, 2026.

Deployment of Funds collected in New Fund Offer (NFO) period

In accordance with paragraph 7.24 of the Master Circular, the AMC shall deploy the funds garnered during the NFO within 30 business days from the date of allotment of units. If the AMC is unable to deploy the funds within the 30 business day period, a written explanation, including details of the efforts taken to deploy the funds, must be presented to the AMC's Investment Committee. The Investment Committee may extend the deployment timeline by up to 30 business days and will provide recommendations to ensure timely deployment in the future.

In case the funds are not deployed as per the asset allocation mentioned in the SID as per the aforesaid mandated plus extended timelines, AMC shall:

- not be permitted to receive fresh flows in the Scheme till the time the funds are deployed as per the asset allocation mentioned in the SID;
- not be permitted to levy exit load, if any, on the investors exiting the Scheme after 60 business days of not complying with the asset allocation of the scheme;
- inform all investors of the NFO, about the exit option without exit load, via email, SMS or other similar mode of communication;
- report deviation, if any, to Trustees at each of the above stages.

Apart from the above investment restrictions, the Scheme may follow certain internal norms vis-à-vis limiting exposure to scrips, sectors etc, within the above mentioned restrictions, and these are subject to review from time to time.

Cash or cash equivalents with residual maturity of less than 91 days may be treated as not creating any exposure. AMFI vide letter dated November 3, 2021 has clarified that Cash Equivalent shall consist of Government Securities, T-Bills and Repo on Government Securities.

Negative list: The Scheme will not invest/ have exposure in the following:

Sr. No.	Particulars
1.	Repos in corporate debt securities;
2.	Short selling of securities;
3.	Unrated instruments (except TREPS/ Government Securities/ T- Bills / Repo and Reverse Repo in Government Securities);
4.	Overseas Securities
5.	Securitized debts;
6.	Credit enhancements and Structured obligations;
7.	Additional Tier I bonds and Tier II bonds;
8.	Units of INVITS;
9.	Credit default swap transactions;
10.	Unlisted debt instrument;
11.	Bespoke or complex debt products;
12.	Inter scheme transactions

INVESTMENT STRATEGY:

The AMC uses a "passive" or indexing approach to try and achieve Scheme's investment objective.

The corpus of the Scheme will be invested predominantly in stocks constituting the underlying index in the same proportion as in the Index and endeavour will be to track the benchmark index. A very small portion (0-5% of the Net Assets) of the Scheme may be kept liquid to meet the liquidity and expense requirements.

The performance of the Scheme may not commensurate with the performance of the underlying index on any given day or over any given period. Such variations

are commonly referred to as the tracking error. The Scheme intends to maintain a low tracking error by closely aligning the portfolio in line with the index. The stocks comprising the underlying index are periodically reviewed by Index Service Provider. A particular stock may be dropped or new securities may be included as a constituent of the index. In such an event, the Scheme will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the underlying index immediately. The portfolio shall be rebalanced within 7 calendar days (or any other timeline as may be prescribed by SEBI) to ensure adherence to the asset allocation norms of the Scheme. Similarly, in the event of a constituent stock being demerged / merged / delisted from the exchange or due to a major corporate action in a constituent stock, the fund may have to reallocate the portfolio and seek to minimize the variation from the index. In such events, it may be more prudent for the fund to take exposure through derivatives of the index itself or its constituent stocks in order to minimize the long term tracking error.

Equities and equity related instruments:

The Scheme would invest in stocks comprising the underlying index and endeavor to track the benchmark index.

Fixed Income Securities:

The Scheme may also invest in units of debt schemes/ETFs, TREPs, Repo and Reverse Repo, cash & cash equivalents, in compliance with Regulations to meet liquidity requirements. The Scheme may also invest in liquid schemes of ICICI Prudential Mutual Fund or other schemes which has objective to invest in debt and money market instruments. Money Market Instruments include commercial papers, commercial bills, treasury bills, and Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, usance bills, TREPs and any other like instruments as specified by the Reserve Bank of India from time to time, subject to regulatory approvals.

Investment Process

The Scheme will track the Underlying Index and is a passively managed scheme. The investment Decisions will be determined as per the Underlying Index. In case of any change in the index due to corporate actions or change in the constituents of the Underlying Index (as communicated by the Index Service Provider), relevant investment decisions will be determined considering the composition of the Underlying Index.

The Investment decision of the Scheme will be carried out by the Fund Manager. For details on the Derivative Strategies followed, kindly refer to SAI.

Risk Factors :

Risks associated with investing in companies forming part of BSE Insurance Index

The Scheme shall invest predominantly in stocks forming part of BSE Insurance Index in the same proportion as in the Index. Thus, the Scheme shall be subject to the risks associated with concentration of investments in a particular company/ sector thus leading to a non-diversified portfolio as compared to diversified equity oriented scheme. The volatility and/or performance of the said sectors and/or of the companies belonging to those sectors may have a material adverse bearing on the performance of the Scheme. Any changes in Government policy/ regulation/reforms etc. affecting the sector where the Scheme has investments may have a significant bearing on performance of the Scheme.

Conflict of Interest

The Scheme shall invest in stocks forming part of BSE Insurance Index in the same proportion as in the Index. Since one or more companies forming part of the Sponsor/Asset Management Company ("AMC") group or their associates/ affiliates may also be constituents of the underlying index, the Scheme may, from time to time, invest in the securities of such group/associate companies as a consequence of tracking the index. The current constituents of the BSE Insurance Index comprise ICICI Prudential Life Insurance Company Limited and ICICI Lombard General Insurance Company Limited, which are group companies of ICICI Prudential Asset Management Company Limited. Such investments are not discretionary in nature and arise solely due to the inclusion and weightage of such securities in the underlying index determined by the index provider, which is independent of the AMC. The AMC shall not have any influence on the inclusion, exclusion or weightage of such securities in the index. All investments in such securities shall be made in accordance with the investment objective of the Scheme and in compliance with the applicable provisions of the Securities and Exchange Board of India (Mutual Funds) Regulations, 2026 and other applicable regulatory guidelines. The AMC shall maintain appropriate policies and procedures to identify, manage and mitigate potential conflicts of interest, and ensure that all decisions relating to the investments in group companies and/or stewardship activity for group companies are made in the best interests of the unitholders. Appropriate disclosures of such investments, if any, shall be made in the Scheme's periodic portfolio disclosures and financial statements in accordance with applicable regulatory requirements

Market Risk

The Scheme's NAV will react to the stock market movements. The Investors could lose money over short periods due to fluctuation in the Scheme's NAV in response to factors such as economic and political developments, changes in interest rates and perceived trends in stock prices and market movements, and over longer periods during market downturns.

Settlement Risk

In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell

securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme's portfolio.

Passive Investments

The Scheme is a passively managed scheme and may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its Underlying Index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

Portfolio Concentration Risk

To the extent that the Scheme may concentrate its investments in the Securities of companies of certain companies/sectors, the Scheme will therefore be subject to the risks associated with such concentration. In addition, the Scheme may be exposed to higher levels of volatility and risk than would generally be the case in a more diverse fund portfolio of equity Securities. Such risks may impact the Scheme to the extent that it invests in particular sectors even in cases where the investment objective is more generic.

Volatility Risk

The equity markets and derivative markets are volatile and the value of securities, derivative contracts and other instruments correlated with the equity markets may fluctuate dramatically from day to day. This volatility may cause the value of investment in the Scheme to decrease.

Redemption Risk

Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be subject to minimum application amount. However, investors wishing to subscribe/redeem units can do so by buying/selling the same on the Stock Exchange.

Regulatory Risk

Any changes in trading regulations by the Stock Exchange/s or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/ discount to NAV. Although, the units are listed on BSE and NSE, the AMC and the Trustees will not be liable for delay in listing of Units of the Scheme on the stock exchanges / or due to connectivity problems with the depositories and/or due to the occurrence of any event beyond their control.

Restriction on Redemption in Mutual Funds

The Trustee, in the general interest of the Unit holders of the Scheme offered in this Document and keeping in view the unforeseen circumstances / unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.

Market Trading Risks

- **Absence of Prior Active Market:** Although units of the Scheme are to be listed on the Exchanges, there can be no assurance that an active secondary market will develop or be maintained.
- **Lack of Market Liquidity:** Trading in units of the respective Scheme on the Exchange may be halted because of market conditions or for reasons that in the view of the Market Authorities or SEBI, trading in units of the Scheme are not advisable. In addition, trading in units of the Scheme is subject to trading halts caused by extraordinary market volatility and pursuant to BSE/NSE and SEBI "circuit filter" rules. There can be no assurance that the requirements of the market necessary to maintain the listing of units of the Scheme will continue to be met or will remain unchanged.
- **Units of the Scheme may trade at Prices Other than NAV:** Units of the Scheme may trade above or below its NAV. The NAV of the Scheme will fluctuate with changes in the market value of Scheme's holdings. The trading prices of units of the Scheme will fluctuate in accordance with changes in their NAVs as well as market supply and demand of units of the Scheme. However, given that units can be created and redeemed only in Creation Units directly with the Fund, it is expected that large discounts or premiums to the NAVs of the Scheme will not sustain due to arbitrage possibility available.

Tracking Error and Tracking Difference Risk

Factors such as the fees and expenses of the Scheme, Corporate Actions, Cash balance, changes to the Underlying Indices and regulatory policies may affect AMC's ability to achieve close correlation with the Underlying Index of each Scheme. The Scheme's returns may therefore deviate from those of its Underlying Index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the index and the NAV of the Scheme.

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. However, this may vary due to various reasons mentioned below or any other reasons that may arise and particularly when the markets are very volatile

1. Expenditure incurred by the Scheme.
2. The funds may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or expenses or for corporate actions of securities in the index.
3. Any delay experienced in the purchase or sale of shares due to illiquidity of the market, settlement and realization of sale proceeds and the registration of any securities transferred and any delays in receiving cash and dividends and resulting delays in reinvesting them.
4. The underlying index reflects the prices of securities at close of business hours. However, the Scheme may buy or sell the securities at different points of time during the trading session at the then prevailing prices which may not correspond to the closing prices on the exchange.
5. Index Service Provider undertakes the periodical review of the scrips that comprise the underlying index and may either drop or include new securities.

In such an event, the Scheme will endeavor to reallocate its portfolio but the available investment/ disinvestment opportunities may not permit precise mirroring of the Index.

6. The potential for trades to fail which may result in the Scheme not having acquired shares at a price necessary to track the index.
7. The holding of a cash position (0-5% of the Net Assets to meet the redemptions and other liquidity requirements) and accrued income prior to distribution and accrued expenses.
8. Securities trading may halt temporarily due to circuit filters.
9. Corporate actions such as rights, merger, change in constituents etc.
10. Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.

Risk associated with investing in equities, equity related instruments and units of REITs

- The value of the Schemes' investments, may be affected generally by factors affecting securities markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. Consequently, the NAV of the Units of the Schemes may fluctuate and can go up or down.
- Investors may note that AMC/Fund Manager's investment decisions may not be always profitable, as actual market movements may be at variance with anticipated trends. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of these investments. Different segments of the Indian financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. The inability of the Schemes to make intended securities purchases due to settlement problems could cause the Schemes to miss certain investment opportunities.
- The Mutual Fund may not be able to sell / lend out securities, which can lead to temporary illiquidity. There are risks inherent in securities lending, including the risk of failure of the other party, in this case the approved intermediary to comply with the terms of the agreement. Such failure can result in a possible loss of rights to the collateral, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of corporate benefits accruing thereon.
- Investors may note that the dividend is due only when declared and there is no assurance that a company (even though it may have a track record of payment of dividend in the past) may continue paying dividend in future. As such, the schemes are vulnerable to instances where investments in securities may not earn dividend or where lesser dividend is declared by a company in subsequent years in which investments are made by the scheme. As the profitability of companies are likely to vary and have a material bearing on their ability to declare and pay dividend, the performance of the schemes may be adversely affected due to such factors. In addition, investments in units of REITs could also receive funds through repatriation of funds by these Trusts in the form of buyback of units along with dividend pay-outs, etc. Hence reinvestments of the proceeds carry a risk of lower returns. However, the reinvestment risk will be limited as the proceeds are expected to be a small portion of the portfolio value.
- Securities, which are not quoted on the stock exchanges, are inherently illiquid in nature and carry a larger amount of liquidity risk. Within the Regulatory limits, the AMC may choose to invest in unlisted securities.
- While securities that are listed on the stock exchange carry lower liquidity risk, the ability to sell these investments is limited by the overall trading volume on the stock exchanges. The liquidity of the Schemes' investments is inherently restricted by trading volumes in the securities in which it invests.
- Fund manager endeavours to generate returns based on certain past statistical trend. The performance of the schemes may get affected if there is a change in the said trend. There can be no assurance that such historical trends will continue.
- In case of abnormal circumstances, it will be difficult to complete the square off transaction due to liquidity being poor in stock futures/spot market. However, fund will aim at taking exposure into relatively liquid stocks where there will be minimal risk to square off the transaction. The Schemes investing in foreign securities will be exposed to settlement risk, as different countries have different settlement periods.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to investors in the Schemes or business prospects of the Company in any particular sector.
- In case of warrants, a relatively small movement in the price of the underlying security results in a disproportionately large movement, unfavourable or favourable, in the price of the warrant. The prices of warrants can therefore be volatile.
- It is essential for the investors to understand that the right to subscribe which a warrant confers is invariably limited in time with the consequence that if the investor fails to exercise this right within the predetermined timeline then the investment becomes worthless. Investment in a warrant can result in a total loss of the money invested plus any commission or other transaction charges.
- The value of units of REITs is derived based on the prevailing interest rate. Generally, when interest rates rise, value of units falls and when interest rates drop, such value increases. Hence, the prices of units of REITs is susceptible to changes in interest rate.

Risk associated with investing in fixed income and money market securities:

- **Market Risk/Interest Rate Risk:** The Net Asset Value (NAV) of the Scheme, to the extent invested in fixed income and money market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.
- **Liquidity Risk:** The liquidity of a security may change depending on market conditions leading to changes in the liquidity premium linked to the price of the security. At the time of selling the security, the security can become illiquid leading to loss in the value of the portfolio.
- **Credit Risk:** Investments in fixed income securities and money market instruments are subject to the risk of an issuer's inability to meet interest and principal payments on its obligations and market perception of the creditworthiness of the issuer.
- **Price Risk:** Government securities where a fixed return is offered run price-risk like any other fixed income security. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates drop, the prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates. The new level of interest rate is determined by the rates at which government raises new money and/or the price levels at which the market is already dealing in existing securities. The price-risk is not unique to Government Securities. It exists for all fixed income securities. However, Government Securities are unique in the sense that their credit risk generally remains zero. Therefore, their prices are influenced only by movement in interest rates in the financial system.
- **Reinvestment Risk:** This risk refers to the interest rate levels at which cash flows received from the securities in the Scheme are reinvested. The additional income from reinvestment is the "interest on interest" component. The risk is that the rate at which interim cash flows can be reinvested may be lower than that originally assumed.
- **Regulatory Risk:** Changes in government policy in general and changes in tax benefits applicable to Mutual Funds may impact the returns to investors in the Scheme.
- **Risks associated with investment in unlisted securities:** Except for any security of an associate or group company, the underlying scheme have the power to invest in securities which are not listed on a stock exchange or receive unlisted securities which in general are subject to greater price fluctuations, less liquidity and greater risk than those which are traded in the open market. These securities may lack a liquid secondary market and there can be no assurance that the underlying scheme will realise their investments in unlisted securities at a fair value.
- **Settlement risk:** The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities. By the same rationale, the inability to sell securities held in the Scheme's portfolio due to the extraneous factors that may impact liquidity would result, at times, in potential losses to the Scheme.
- Different types of fixed income securities in which the Scheme would invest as given in the Scheme Information Document carry different levels and types of risk. Accordingly, the Scheme(s) risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities.
- The AMC may, considering the overall level of risk of the portfolio, invest in lower rated / unrated securities offering higher yields as well as zero coupon securities that offer attractive yields. This may increase the absolute level of risk of the portfolio.
- As zero coupon securities does not provide periodic interest payments to the holder of the security, these securities are more sensitive to changes in interest rates. Therefore, the interest rate risk of zero coupon securities is higher. The AMC may choose to invest in zero coupon securities that offer attractive yields. This may increase the risk of the portfolio.
- The Scheme at times may receive large number of redemption requests, leading to an asset-liability mismatch and therefore, requiring the investment manager to make a distress sale of the securities leading to realignment of the portfolio and consequently resulting in investment in lower yield instruments.

Risks associated with investing in Tri Party Repo through CCIL (TREPS)

- The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Tri-party Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments.
- CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the "Default Waterfall".
- As per the waterfall mechanism, after the defaulter's margins and the defaulter's contribution to the default fund have been appropriated, CCIL's contribution is used to meet the losses. Post utilization of CCIL's contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members.
- Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member).
- However, it may be noted that a member shall have the right to submit

resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the afore-mentioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower.

- Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral

Risks associated with investing in Derivative

The Schemes may use various derivative products as permitted by the Regulations. Use of derivatives requires an understanding of not only the underlying instrument but also of the derivative itself. Other risks include the risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.

The Scheme may use derivatives instruments like Stock Index Futures or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the Regulations and guidelines. Usage of derivatives will expose the Schemes to certain risks inherent to such derivatives.

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Thus, derivatives are highly leveraged instruments. Even a small price movement in the underlying security could have a large impact on their value.

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional investments.

The specific risk factors arising out of a derivative strategy used by the Fund Manager may be as follows:

- The risk of mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk:** The prices which are seen on the screen need not be the same at which execution will take place
- Basis Risk:** This risk arises when the derivative instrument used to hedge the underlying asset does not match the movement of the underlying asset being hedged
- Exchanges could raise the initial margin, variation margin or other forms of margin on derivative contracts, impose one sided margins or insist that margins be placed in cash. All of these might force positions to be unwound at a loss, and might materially impact returns.
- The derivative contracts at times are undertaken with various counterparties. These counterparties may not be able to meet the obligations under such derivative contracts. This would lead to credit risk in derivative transactions. Hence, derivative trades are undertaken with approved counterparties or through exchanges. This mitigates credit risk on derivative transactions.

The Scheme will not have any exposure to Debt Derivatives.

Risk associated with Stock Lending

Stock lending is lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

The risks in stock lending consist of the failure of intermediary / counterparty, to comply with the terms of agreement entered into between the lender of securities i.e. the Scheme and the intermediary / counterparty. Such failure to comply can result in the possible loss of rights in the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The scheme may not be able to sell lent out securities, which can lead to temporary illiquidity & loss of opportunity

Investors are requested to refer to section "How will the Scheme allocate its assets?" for maximum permissible exposure to Stock Lending.

The AMC shall report to the Trustee on a quarterly basis as to the level of lending in terms of value, volume and the names of the intermediaries and the earnings/ losses arising out of the transactions, the value of collateral security offered etc.

Risk factors associated with creation of segregated portfolios

- Liquidity risk** – A segregated portfolio is created when a credit event occurs at an issuer level in the scheme. This may reduce the liquidity of the security issued by the said issuer, as demand for this security may reduce. This is also further accentuated by the lack of secondary market liquidity for corporate papers in India. As per SEBI norms, the scheme is to be closed for redemption and subscriptions until the segregated portfolio is created, running the risk of investors being unable to redeem their investments. However, it may be noted that, the proposed segregated portfolio is required to be formed within one day from the occurrence of the credit event.

Investors may note that no redemption and subscription shall be allowed in

the segregated portfolio. However, in order to facilitate exit to unit holders in segregated portfolio, AMC shall list the units of the segregated portfolio on a recognized stock exchange within 10 working days of creation of segregated portfolio and also enable transfer of such units on receipt of transfer requests. For the units listed on the exchange, it is possible that the market price at which the units are traded may be at a discount to the NAV of such Units. There is no assurance that a deep secondary market will develop for units of segregated portfolio listed on the stock exchange. This could limit the ability of the investors to resell them.

- Valuation risk** - The valuation of the securities in the segregated portfolio is required to be carried out in line with the applicable SEBI guidelines. However, it may be difficult to ascertain the fair value of the securities due to absence of an active secondary market and difficulty to price in qualitative factors.

Apart from the risk factors mentioned above, the scheme is exposed to certain specific risks, which are as mentioned below –

- Changes in macroeconomic factors (for e.g., inflation etc), availability of substitutes and changes in consumer preferences may affect demand and could have a significant bearing on performance of the companies.
- Performance of the underlying Index will have a direct bearing on the performance of the Scheme. In the event when the index is dissolved or is withdrawn, the Trustee reserves a right to modify the Scheme so as to track a different and suitable index and appropriate intimation will be sent to the unitholders of the Scheme. In such a case, the investment pattern will be modified suitably to match the composition of the securities that are included in the new index to be tracked and the Scheme will be subject to tracking errors during the intervening period. Tracking errors are inherent in any ETF and such errors may cause the Scheme to generate returns which are not in line with the performance of the Index or one or more securities covered by / included in the Index.
- In case of investments in derivative instruments, the risk/ reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future. Further, there could be an element of settlement risk, which could be different from the risk in settling physical shares and there is a risk attached to the liquidity and the depth of the index futures market as it is relatively new market for Index and also it is relatively less popular as compared to the Index.
- Currency Risk:** Companies within the index may have exposure to foreign currencies through international sales, imports, or foreign exchange contracts. Currency fluctuations can impact the earnings and cash flows of these companies, affecting the performance of the scheme.
- Regulatory and Environmental Risk:** Companies within the index may be subjected to regulatory requirements related to environmental protection, safety standards, labor practices, and land acquisition. Changes in regulations or compliance issues can affect production costs, supply chains, and profitability, impacting the scheme's performance.
- Technological Disruption:** Advances in technology, such as automation, robotics, and renewable energy, can disrupt supply chains, affecting the competitiveness and profitability of the companies held in the index which will have a direct bearing on the performance of the Scheme.
- Corporate Governance Risks:** Weak corporate governance practices, such as inadequate board oversight, conflicts of interest, or related-party transactions, can undermine shareholder value and increase the risk of fraud, mismanagement, or regulatory scrutiny, affecting the Scheme's returns

Applicants must ensure that the sequence of names as mentioned in the application form matches with that of the account held with the Depository Participant. If the details mentioned in the application are incomplete/incorrect or not matched with the Depository data, AMC reserves the right to reject. Allotment letters would be sent to investors who are allotted units in demat mode. The application form should accompany the latest Client investor master/ Demat account statement.

- Units of the Scheme will be available only in the Dematerialized form.
- The applicant under the Scheme will be required to have a beneficiary account with a Depository Participant of NSDL/CDSL and will be required to indicate in the application the DP's name, DP ID Number and its beneficiary account number with DP.
- The units of the Scheme are to be issued/ repurchased and traded compulsorily in dematerialized form, no request for rematerialisation of units of the Scheme will be accepted.
- Application forms without relevant details of their depository account or with inactive depository accounts are liable to be rejected.
- Units held in demat form will be freely transferable, subject to the applicable regulations and the guidelines as may be amended from time to time.

IV. BANK DETAILS

Bank Account Details registered with Depository Participant will be considered for Refund/ Redemption/ Dividend payment. The AMC will make payments through NEFT/RTGS where complete account details are available and valid. In case of any rejection, payment will be made through Cheque.

In case of invalid DP ID mentioned in the application form, the refund may be processed to bank account mentioned in the application form/source bank account from where the cheque was issued.

Any change of bank mandate request should be submitted to the Depository Participant.

- Ultimate Beneficial Owners(s) [UBO(s)]:** Pursuant to SEBI Master Circular No. CIR/ ISD/AML/3/2010 dated December 31, 2010 on Anti Money Laundering Standards and Guidelines on identification of Beneficial Ownership issued by SEBI vide its Circular No. CIR/MIRSD/2/2013 dated January 24, 2013, investors (other than Individuals) are required to provide details of UBO(s). In case the investor or owner of the controlling interest is a company listed on a stock exchange or is a majority owned subsidiary of such a company, the details of shareholders or beneficial owners are not required to be provided.

Non-individual applicants/investors are mandated to provide the details on UBO(s) by filling up the declaration form for 'Ultimate Beneficial Ownership' which is available on our website www.icicipruamc.com or at any of the Investor Service Centre (ISC) of ICICI Prudential Mutual Fund.

- FATCA and CRS Details:** Tax Regulations require us to collect information about each investor's tax residency. In certain circumstances (including if we do not receive a valid self-certification from you) we may be obliged to share information on your account with the relevant tax authority. If you have any questions about your tax residency, please contact your tax advisor. Further if you are a Citizen or resident or green card holder or tax resident other than India, please include all such countries in the tax resident country information field along with your Tax Identification Number or any other relevant reference ID/ Number. If there is any change in the information provided, promptly intimate the same to us within 30 days.

V. DIRECT CREDIT OF DIVIDEND/REDEMPTION: ICICI Prudential AMC had entered into an arrangement with certain banks; such as ICICI Bank & HDFC Bank for direct credit of redemption and dividend proceeds, if the investors have a bank mandate in any of the specified banks. However, the AMC will not be responsible for any delay on the part of the bank for executing the direct credit. The Fund reserves the right to issue a payment instrument in place of this electronic payment facility, The AMC may alter the list of the banks participating in direct credit arrangement from time to time / withdraw direct credit facility from the banks, based on its experience of dealing with any of these banks or add / withdraw the name of the bank with which the direct credit facility arrangements can be introduced/ discontinued, as the case may be.

VI. E-MAIL COMMUNICATION:

- Investors should ensure that the email id provided is that of First /Sole holder or of

INSTRUCTIONS TO INVESTORS (Contd.)

their Family member. Family means spouse, dependent children, Dependant Sibling or dependent parents. This email address and mobile no. provided shall be registered in the folio for all communications. In case, this section is left blank, the email id and mobile no. of the First / Sole Holder available in the KYC records shall be registered in the folio. If the AMC / RTA finds that the email address / mobile number provided may not be of the actual investor or the same appears incorrect / doubtful, the AMC / RTA may not capture / update such email address / mobile number in the folio.

- (b) As per circular no. SEBI/HO/IMD/DF2/CIR/P/2018/92 issued by SEBI on Go Green Initiatives for Mutual Funds, we have been asked to seek your confirmation to continue to receive the Scheme-wise Annual Report or Abridged Summary in physical mode since your email id is not registered with us.
- (c) Delivering service through the internet & web-based services such as e-mail is a more efficient delivery channel. When an investor has provided an email address, the same will be registered in our records for eDocs and will be treated as your consent to receive, allotment confirmations, consolidated account statement/account statement, annual report/abridged summary and any statutory / other information as permitted via electronic mode/email. These documents shall be sent physically in case the Unit holder opts/requests for the same. It is deemed that the Unit holder is aware of all the security risks associated with online communication, including the possibility of third party interception of the documents sent via email. The Mutual Fund / Registrars are not responsible for email not reaching the investor and for all consequences thereof. The Investor shall from time to time intimate the Mutual Fund / its transfer agents about any changes in the email address. In case of a large document, a suitable link would be provided and investor can download, save and print these documents. However, the investor always has a right to demand a physical copy of any or all the service deliverables, and the Fund would arrange to send the same to the investor.

The AMC / Trustee reserve the right to send any communication in physical mode.

VII. KNOW YOUR CUSTOMER (KYC) NORMS: KYC (Know Your Customer) are mandatory for ALL investors for making investments in Mutual Funds, irrespective of the amount of investment. Further, to bring uniformity in KYC process, SEBI has introduced a common KYC application form for all the SEBI registered intermediaries. With effect from 1st January 2012, all the new investors are therefore requested to use the Common KYC application form to apply for KYC and mandatorily undergo In Person Verification (IPV) requirements with SEBI registered intermediaries. Individual client who has registered under Central KYC Records Registry (CKYCR) has to fill the 14 digit KYC Identification Number (KIN) in application form. For Common KYC Application Form please visit our website www.icicpruamc.com.

VIII. TRANSACTION CHARGES

Please note that with effect from March 1, 2024, no transaction charge will be levied on the investment amount from transactions/applications (including SIPs) received through distributors (i.e. for Regular Plans).

IX. EMPLOYEE UNIQUE IDENTIFICATION NUMBER (EUIIN) : Investors procuring advisory services from non individual distributors are requested to note that EUIIN would assist in tackling the problem of misselling even if the employee/relationship manager/sales person leave the employment of the distributor.

Distributors are advised to ensure that the sub broker affixes his/her ARN code in the column separately provided in addition to the current practice of affixing the internal code issued by the main ARN holder and the EUIIN of the Sales Person (if any) in the EUIIN space. Investors are requested to note that EUIIN is largely applicable to sales persons of non individual ARN holders (whether acting in the capacity of the main distributor or sub broker). Further, EUIIN will not be applicable for overseas distributors who comply with the requirements as per AMFI circular CIR/ ARN-14/12-13 dated July 13, 2012.

X. SIGNATURES : The signature(s) should be in English or in any of the Indian languages specified in the eighth schedule of the constitution of India. Applications on behalf of minors should be signed by their Guardian. Thumb impressions must be attested by a Magistrate or a Notary Public or a Special Executive Magistrate under his/her official seal. Applications by minors should be signed by their guardians. In case of a Hindu Undivided Family (HUF), the Karta should sign on behalf of the HUF.

If the application form is signed by a Power of Attorney (PoA) holder, the form should be accompanied by a notarised photocopy of the PoA. Alternatively, the original PoA may be submitted, which will be returned after verification. If the PoA is not submitted with the application, the Application Form will be rejected. The POA should contain the signature of the investor (POA Donor) and the POA holder.

In case of corporates or any non-individual investors, a list of authorised signatories should be submitted along with Application form or in case of any change in the authorised signatory list, the AMC / Registrar must be notified within 7 days.

In case of application under POA or by a Non-Individual (i.e. Company, trust, society, partnership firm etc.) the relevant POA or the resolution should specifically provide for/ authorize the POA holder/authorized signatory to make application/ invest moneys on behalf of the investor.

Signature mismatch cases: While processing the redemption request in case the AMC/ Registrar come across a signature mismatch, then the AMC/ Registrar reserves the right to process the redemption only on the basis of supporting documents (like copy of passport, driving license etc.), confirming the identity of the investors.

XI. INVESTMENT DETAILS

1. MINIMUM APPLICATION AMOUNT

During NFO : Rs. 1,000/- plus in multiple of Re.1.

Directly with the Mutual Fund: Eligible investors can buy/sell units of the Scheme in Creation Unit Size viz. 2,20,000 units and in multiples thereof.

2. Plans available under the Scheme:
