ICICI Prudential Long Term Equity Fund (Tax Saving)
An open ended equity linked saving scheme with a statutory lock in of 3 Years and tax benefits

About the Scheme
Launched on August 19, 1999, ICICI Prudential Long Term Equity Fund (Tax Saving) is an open ended equity linked saving scheme with a statutory lock in of 3 years and tax benefit.

- The Scheme intends to generate long-term capital appreciation through investments made primarily in equity and equity-related securities.
- The Scheme provides tax benefit by way of deduction up to the limits specified under section 80C of Income Tax Act, 1961. The Scheme offers tax saving coupled with potential benefit of long-term equity investments.

Current Investment Strategy

- Diversification across capitalisations: The scheme constitutes a portfolio, which is a blend of large, mid and small cap stocks. The fund manager may change the proportion of large cap and mid/small-cap stocks in the portfolio depending on the market conditions.
- Long-term focus: The three year lock-in period in the ELSS category enables the fund manager to select stocks with a long term view as there are no short-term redemption pressures, thus providing opportunities for potential returns.

Why ICICI Prudential Long Term Equity Fund (Tax Saving)?

- The scheme is suitable for investors who wish to utilise the benefit of investing in equities and derive income tax benefits.
- Investment upto Rs. 1.5 lakh in this scheme is capable of getting deduction u/s 80C of the Income Tax Act, 1961 thus reducing the overall tax liability.
- Investors who wish to have a blend of large, mid and small cap stocks can consider investing in this scheme.
- The scheme while investing in stocks focuses on the fundamentals of the business, the industry structure, the quality of management, sensitivity to economic factors, the financial strength of the company and the key earnings drivers.
