Note : (1) The rates above are based on the proposals in the Finance Bill, 2018. They will become law once passed by both the Houses of Parliament and when they receive the assent of the President. (2) The above rates are based on the assumption that the units are held by the investors as capital assets and not as stock in trade. (3) For the above purpose, the equity schemes referred above means a scheme of a mutual fund specified under section 10(23D) of Income-tax Act, 1961 which invests minimum of 65% of the total proceeds of such fund in the equity shares of listed domestic companies. (4) For the above purpose, Equity oriented Fund of Funds means a mutual fund specified under section 10(23D) of the Act which invests minimum of 90% of the total proceeds in the units of another fund which is traded on recognised stock exchange and such other fund also invests a minimum of 90 percent of its total proceeds in equity shares of listed domestic companies. (5) Fair Market Value for listed units of equity schemes or equity oriented Fund of Funds means highest price of the units quoted in the recognised stock exchange on 31 January 2018. However if there is no trading on stock exchange for such units on 31 January 2018, FMV for such units means highest price on such exchange on date immediately preceding 31 January 2018. (6) Fair Market Value of units not listed on recognised stock exchange means net asset value of such units as on 31 January 2018 (7) The NRI investors may be entitled to the benefits of respective tax treaties, if the same are more beneficial than above tax rates (subject to conditions). **Disclaimer:** The above is provided only for general information purpose.
